

Nuclear Parts Operations

Westinghouse *rapid EIDMS*™

Background

The Westinghouse *rapid EIDMS*™ system helps make the job of procurement engineers, buyers and system engineers easier by instantly providing inventory availability and pricing information for more than 90,000 Westinghouse replacement products. Westinghouse customers also can find technical data and instruction manuals for many of the parts in our inventory.

Description

The *rapid EIDMS* tool gives Westinghouse customers around-the-clock access to parts inventory with results updated every 24 hours. Unlike other online parts databases, *rapid EIDMS* also displays pricing information, as well as order and shipping status on purchase orders.

Benefits

- Instantly search up-to-date inventory of more than 90,000 Westinghouse replacement products
- Immediately access availability information within Westinghouse inventory
- Receive accurate pricing information quickly and save time by skipping the Request For Quote (RFQ) process
- Check on order status, including open items, purchase orders, entry dates, lead times, shipment dates, tracking information and invoices, at any time
- Find images, instruction manuals, technical specifications, procedures and application lists for corresponding parts
- Identify solutions for replacement parts when facing obsolescence challenges
- Easily check records to find out part applicability to your specific plant
- Export custom reports to PDF or Excel to keep or view later

- Obtain immediate answers to your most urgent questions 24/7
- Tool available at no charge only to Westinghouse customers

Experience

Follow these steps to easily gain access to the *rapid EIDMS* database tool:

1. Login here:
<https://rapideidms.westinghousenuclear.com/Login.aspx>
 - a. If you do not have a username and password, download the form at this link and follow instructions to request access:
<https://rapideidms.westinghousenuclear.com/Downloads/eidms-agreement.pdf>
2. Use the navigation bar at the top of the pages to access inventory information for parts, check on order status and search applications.
3. If you require further assistance on special reports, contact your plant's Westinghouse parts specialist for assistance.
